In an open discussion, it was agreed that Mr. Cheape would take up the matter of the drains on the main road in the centre of the village.

Monday 17th February 1969.

The Community Council met in the ante-room of the Village Hall on Mon. 17th Feb. at 7.30 p.m. Members present were:- Messrs. R. Miller, W. Brunton, C. Brough, J. Paton, J. Cheape, Rev. D. Macdonald, N. Murray, J. Barlas, & Miss Deans.

Apology.

Miss C. Robertson submitted an apology for absence.

The minutes of the last meeting were read & approved.

Wallace Park.

Mr. Cheape has agreed to ask the County Surveyor if anything is being done about clearing the ditch in the Wallace Park. The members of the Community Council, have decided to form a sub-committee to look into this matter. Mr. Cheape is also contacting the Council about treating the grass in the above park.

On ascertaining Mr. Rodger's duties, it was stated that these consisted solely of keeping the toilets in order.

Mr. Murray would appreciate help in clearing fallen branches etc. & it was agreed to enlist the aid of some young people to carry out this task. The seats in the park as yet have not been repaired, but the water tap has had a temporary repair. Nothing has been done about the notice board, so the committee has undertaken to see to this themselves.

Catchment
Tank.

Mr. Cheape has seen the deputy clerk about diverting the water & as there have been no complaints of flooding this winter, we can assume that this matter has been attended to.

Bus Shelter.

The Road Surveyor has approached Mr. Sharp about purchasing a small section of his garden for the erection of a shelter, but, unfortunately he is not at liberty to sell

The ground.

Other business

It was suggested that the entrance to the village hall should be hawmardomed. This would simply mean an extension to the existing "right of way" from the main road to the schoolhouse. As the drain in this location is not functioning, Mr. Cheape has kindly offered to bring this matter to the attention of the Council.

It was also put to the meeting by the Rev. D. Macdonald, that it would be a great benefit to elderly people, if a rail, or some such aid, was affixed to the wall on the church hill. This too, Mr. Cheape will refer to the Council.

Lighting

Nothing so far has been done about street lighting. Unless alternative suggestions are proffered, it would seem to be a costly affair.

General

Property

The clerk has been instructed to write to the county clerk regarding the property known as Burnside Cottage. Since it was inspected, + incidentally classed as safe by the county surveyor, a further hole has appeared in the roof. In our opinion, this building constitutes a danger to children + something should be done about it.

There being no further business, the meeting was closed.

Colin Brown

Wallace
Park.

The Minutes of the last meeting were read & approved. Mr. Cheape has been in consultation with the County Surveyor, who has inspected the ditch in the Wallace Park. The County Council has now decided to ask Mr. Beveridge if he will clear his part of the ditch.

Mr. Murray has reported that the fallen branches have now been cleared from the park. The seats have still to be repaired, & the committee has agreed to see Mr. Paton about obtaining the necessary wood for this job. As the roadside seats have disappeared, possibly for renovation, this matter too, is being investigated.

Other business

Mr. Cheape & the County Surveyor have been making a survey of various points in the village. The entrance to the Village Hall has been inspected, & the clerk has been asked to write to the County Clerk, giving details of this project.

The matter of the proposed hand-rail on the church hall was also put to the County Surveyor, who readily admitted that there certainly was a need for some such aid. Mr. Cheape has undertaken to obtain a report of the cost of this undertaking, also to mention the state of

The pavements & Kerbs on the church hill road.

Lighting.

This subject is still under discussion.

Drainage

This is a difficult problem, & nothing can be done about it in the meantime.

properly.

Posting Box.

It was suggested that a Posting Box should be installed in the heart of Balcarghal area, as this is some considerable distance from Glenfarg Post Office. The Clerk has been instructed to write to the Postmaster, Perth, regarding this matter.

Station

As the Station House & its environs give the village a very unkempt appearance, this is being taken up with the British Railways Surveyor, Glasgow.

Property.

Dormant

The question of dormant funds has again arisen, & the following have agreed to look in to the matter.

Funds.

Mr. Brough to investigate those of the Flower Shaw, & Mr. Ross the Nursing Association.

The date of the Annual General Meeting was fixed for 19th May.

The minutes of the last meeting were read + approved.

Hallway
Park. The Clerk was instructed to write to the County Council informing them of the death of Mr. Beveridge. This alters the present negotiations, as the onus for clearing the ditch will now fall on the new owner of the property.

The seats ^{in the village} ~~in the park~~ have been returned, painted and decorated. It was agreed to put out some wooden forms for the use of picnic parties.

Hana Rail. This is still under discussion.

Other
business. A letter from the County Council assuming that the Community Council would be responsible for the work of repairing the entrance to the Village Hall, was answered by the clerk, who informed the District Clerk, that the Community Council had no income, + was therefore unable to meet this obligation.

Posting
Box. The need for a Posting Box in the Balcanquhall area, has been accepted by the Postmaster.

General
Property. Mr. Barber has agreed to bring this matter, once again, to the attention of the County Council at their next meeting.

Norman Burn. The Flower Show has raised £16 in the Bank, as well as various cups, + the Highland Games Fund shows a balance of £137! but nothing can be done about this until the position is clarified. There being no further business, the Com. proceeded to the A.G.M.

It was also passed that our Bank A/c should be transferred from Kinross to Glenfarg, in order to facilitate Mr. Millar's transactions.

Chairman's Report

Mr. Brough commented on the satisfactory condition of the village & went on to say that many people were unaware that a constant vigilance ^{is kept} by members to see where & when improvements & amenities may be carried out for the common good of the village. In this, we are greatly indebted to our two ex officio members, Mr. Barlas

+ Mr. Clarke, who renders invaluable help which is much appreciated by all concerned.

Hillas, + the Misses Robertson + Jeans. Apologies for absence were received from Mr. Ross, Mrs. Cheape, + Rev. D. MacDonald.

Wallace Park.

Nothing can be done meantime, about clearing the ditch in the park. As the annual Grant for the Wallace Park has not yet been received, the Clerk was instructed to write to the County Officers about same.

Hana Rail

No action is being taken on this meantime, as it is rather costly.

Other Business

As the pavements in the village are in a state of disrepair, this matter is being taken up by Mr. Barlas, and the Clerk is writing to the County Surveyor. The entrance to the Village Hall, has now been satisfactorily completed.

Posting Box.

The Postmaster has rejected our proposal regarding a Posting Box at Balcaughnabal.

Dormant Funds

An investigation has been going on about dormant funds of non functioning societies in the village. The Clerk is writing to Mr. Dempster about the Nursing Association, as well as contacting the office bearers of the Highland Games + Horticultural Society.

Speed Limit

As the speed limit thro' the village has to be raised to 40 M.P.H. it was suggested that the existing speed limit sign should be moved further from the village, + that a pedestrian crossing should be located in the centre of the village, at the main shop.

There being nothing more to discuss, the meeting was closed.

Colin Brantley

Car park. Mr. Barlas moved that there should be a notice indicating the new free Car Park, placed in some prominent location, and that a few decorative trees should be planted in the plot of ground behind the Car Park, in commemoration of Conservation year.
